

PDG Mobility Fuze T50n

The T50n is a full featured 50° tilt chair with the footprint of a transport chair. Its unique design offers the narrowest overall width for enhanced home and community accessibility.

Exclusive features

- A unique centre of gravity pivot tilt design
- Effortless and maintenance-free tilt operation
- Ultra narrow frame means the T50n is substantially narrower than other tilt chairs

Available options (see order form)

- Transit tie downs WC-19 & ISO-7176-19
- 30° manual dynamic recline
- Power tilt up to 350 lbs
- Adjustable width frame
- Take-Apart frame
- Drum brakes

Hand propulsion
