

Light up your world

Transform your Permobil power wheelchair with fully customisable LED lighting. Choose any colour on the RGB spectrum and fine-tune brightness or colour intensity, all from the MyPermobil app.

Available for wheelchairs equipped with Power Platform electronics.

Taking connectivity to a new level

Connecting users and service technicians through one intuitive platform improves communication and keeps you better prepared for the unexpected. Power Platform and +Connect form the core digital infrastructure of these power wheelchairs, combining advanced assistive technology with smart connectivity.

Connected from the factory*, each chair is online and ready for proactive service, remote insights, and efficient support right from the start. Every connected chair reflects Permobil's commitment to reliability, transparency, and confidence throughout the life of the chair.

**From 1 July, 2026, for chairs delivered in Australia and New Zealand.*

permobil

MyPermobil connectivity comes standard on all new M & F-Series Corpus & Corpus VS models. Download the app to get started today.

Power wheelchairs

MyPermobil App

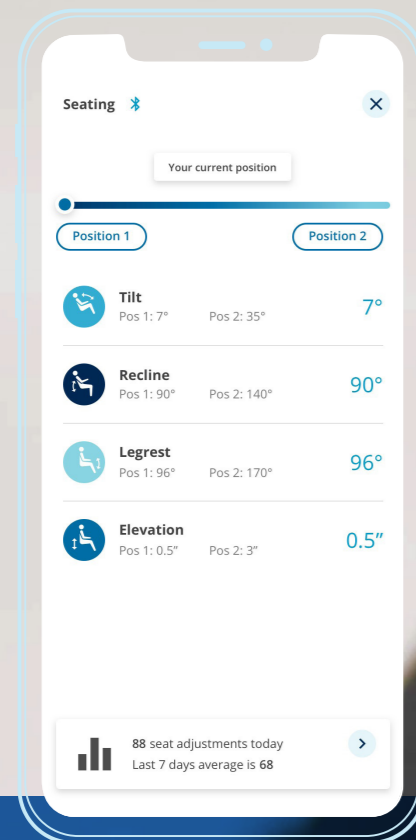

Knowledge is power

The MyPermobil app empowers you to do more and go further by sending real-time power wheelchair insights directly to your smartphone. Stay informed and feel confident as you get the most out of your Permobil power wheelchair.

Battery status and travel range estimates show how far you can go.

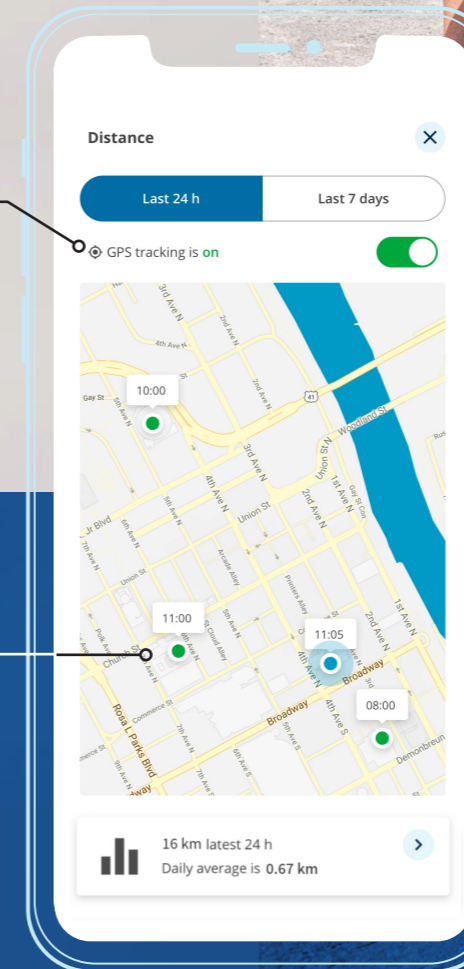

Take the pressure off with meaningful insights into your power seat function usage.

See how far you've gone by reviewing your travel history.

App dashboard makes key information available at a glance

Easy to enable or disable location settings

Integrated map illustrates daily and historic travel behaviour

Travel with confidence

From where you've been to where you want to go, the MyPermobil app helps guide your power wheelchair journey. Combining in-app estimated battery range travel distances with the integrated map empowers you to go further with confidence.
